Agartala, Tuesday, March 10, 2026 A. D. Phalguna 19, 1947 S. E.

PART-- I--Orders and Notifications by the Government of Tripura,
The High Court, Government Treasury etc.

Government of Tripura
Department of Industries & Commerce
Khejurbagan, Agartala
DI/EODB/1(43)/2026-Part(3)/4763-4800 Dated, Agartala the 10th March, 2026

NOTIFICATION

The State Government is implementing the Compliance Reduction and Deregulation Initiative – Phase-II in alignment with the national reform agenda circulated by the Cabinet Secretariat, Government of India. The Compliance Reduction and Deregulation Initiative – Phase-II, inter alia, envisages measures to improve the ease of doing business by reducing compliance burden and strengthening institutional support systems for enterprises, particularly Micro, Small and Medium Enterprises (MSMEs).

2. It has been observed that despite the availability of testing laboratories and facilities in various Government Departments, academic institutions and autonomous organizations, information relating to such facilities remains fragmented across different agencies. This results in limited awareness among MSMEs regarding accessible testing infrastructure required for regulatory compliance, quality certification, product standardization and export requirements.

3. In order to improve accessibility, transparency and utilization of testing infrastructure available in the State, the Government considers it necessary to compile and publish a consolidated directory of all testing facilities located within the State of Tripura and accessible to MSMEs.

4. Now, therefore, in pursuance of the above objectives and in order to facilitate MSME access to affordable and reliable testing services, the compiled consolidated directory of Testing Facilities available in State Institutions, Government-supported laboratories and private testing facilities including testing facilities located within the State but operated by Central Government agencies, public sector institutions, or accredited laboratories, to the extent such facilities are accessible to MSMEs located in Tripura is published under the following URL : https://swaagat.tripura.gov.in/new/page/testing-facilities. The Department of Industries & Commerce shall act as the Nodal Department for preparation and maintenance of the directory of testing facilities accessible to MSMEs in the State.

5. The compiled directory shall include, inter alia, the following information:

i. Name and address of the testing laboratory/institution
ii. Nature and scope of testing services available
iii. Sector, product categories and facilities covered

iv. Applicable standards and accreditation status (such as NABL/BIS or equivalent)
v. Contact details and procedure for availing testing services
vi. Applicable user charges, if any.

6. The objective of this initiative is to enable MSMEs to access timely, affordable and reliable testing services, thereby facilitating compliance with regulatory standards, improving product quality, and enhancing export competitiveness.

This notification shall come into force from the date of its publication in the Official Gazette.

(BY ORDER AND IN THE NAME OF THE GOVERNOR OF TRIPURA)
